

Your Healthcare Plans: Accelerate and Access Side by Side

The Ascend to Wholeness Healthcare Plans are designed to empower you to achieve your goals of complete whole person health through the mind, body and spirit. This is accomplished through robust benefits provided by the plans, geared to assist and educate you on your current health as well as provide a strong foundation for life-long changes to achieve a “wholistic” lifestyle.

Effective January 1, 2020, depending on your 2019 engagement level, you have two health plan choices which are highly competitive in the market. These plans give you full access to whole-person health and wellness programs to help you avoid preventable illnesses and manage pre-existing medical conditions.

Learn more in the 2020 Plan Guide and on www.AscendToWholeness.org.

The Plan Comparison Summary was created with the intent to help you compare both plans and see which one best fits your lifestyle, health concerns and pocket.

Please note these important items are remaining the same:

- Medical benefit services are only covered in the Aetna Signature Administrators network. Out-of-network care—other than emergencies and urgent care—will require prior-authorization by the Plan. If specialized care is unavailable at an in-network facility, please contact member services for additional assistance. It is your responsibility to verify that your chosen medical provider is in the Aetna Signature Administrators Preferred Provider Organization. As outlined in the summary of benefits below, alternative therapies (massage, acupuncture, chiropractic), refractive eye surgery, hearing aids and infertility treatments do not require in-network providers
- Your Medical and Prescription benefits Maximum-Out-of-Pocket (OOP) accruals continue to include coinsurance, deductibles and co-payments. Once you reach this maximum the Plan pays 100%.
- Your Medical and Prescription benefits Maximum-Out-of-Pocket responsibilities are noted below. No combination of your medical and prescription benefits OOP will exceed the max allowable by the Affordable Care Act (ACA).
- The Accelerate Plan will reimburse members for participation in CHIP, Weight Watchers. See details below in the Schedule of Benefits section and in the full Plan document.
