LIBERAL STUDIES
Bachelor of Arts

This program has been specifically designed for students who wish to have the enriching benefit of a liberal arts education.

The Liberal Studies major gives a foundation in the social sciences, humanities, sciences and communication arts and provides a basis for adapting to demands of changing times, for working and communicating well with others, and for understanding and appreciating sciences, arts and letters.

CAREER OPPORTUNITIES AND RELATED OCCUPATIONS: Graduates with this degree may find entry-level jobs in such careers as business, government, social services, health, welfare, and education. This degree is also an excellent foundation for graduate study in a variety of areas.

EDUCATIONAL QUALIFICATIONS: Entry-level positions usually require a bachelor’s degree. Others may require additional work experience or education.

A bachelor of arts degree in Liberal Studies may be combined with teacher preparation programs to become elementary education teachers. For more information, consult the School of Education.
