About the 403(b) Tax-Deferred Retirement Plan
A 403(b) plan is a retirement savings plan designed for employees of public schools and tax-exempt organizations. A 403(b) plan allows eligible employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Eligibility Requirements
Upon hire and if in an eligible position, you will be automatically enrolled for basic contributions.

If you are an employee of a U.S. Seventh-day Adventist Church North American Division, or if you are an interdivision missionary from the United States sent by the General Conference of Seventh-day Adventists, you are eligible to make contributions to the Plan.

Student employees working for Adventist educational institutions are not eligible to participate in the Plan.

Enrollment
Eligible employees are automatically enrolled in the Plan for basic employer contributions. If you want to make employee contributions to the Plan, your local employer can provide you with a Salary Deferral Form. You must complete that form and return it to your employer.

2016 Contribution Limits
- Combined maximum limit of 100% (1% minimum) of your compensation or $18,000, whichever is less for all employee retirement plan contributions
- Participants turning age 50 or older in 2016 may be eligible to contribute an additional $6,000
- Combined maximum limit for employer and employee retirement contributions cannot exceed $53,000 or 100% of your compensation whichever is less.

Roth Contributions
The Roth option will give you the flexibility to designate all or part of your 403(b) elective deferrals as Roth contributions. All Roth contributions are made with after-tax dollars. Not all local employers allow Roth contributions.

2016 Roth Contribution Limits
- Combined maximum limit of 100% (1% minimum) of your compensation or $18,000, whichever is less for all employee retirement plan contributions.

The maximum contribution amount may be indexed for inflation in subsequent years.

Employer Match
Depending on which of the benefit options your employer has selected, you may be eligible for an employer’s match which is generally 100% of your voluntary salary reductions up to 3% of your salary. Check with your local employer, as some matches may vary. If eligible, in order to receive any employer matching contribution, you must enroll and complete a Salary Deferral Form to have employee contributions made to the Plan.

Basic Employer Contributions
If you are eligible, a basic employer contribution equal to 5% of your compensation will be made to your account each pay period.

Vesting Schedule
Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of distributable events. Your contributions and any earnings are always 100% vested (including rollovers from previous employers). The employer contributions are immediately 100% vested.

**Plan Fees**

**Administrative Fees:**
The annual Administrative Fee is $20.00 per Participant account, charged at $5.00 per quarter.

Parsonage Allowance Exclusion – If contributions to the Plan were made at the time you were performing services in the exercise of your ministry, distributions from the Plan may be eligible to be treated as a parsonage allowance. Upon your retirement, Empower Retirement can assist you, if requested, in setting up Plan distributions. You might wish to consult your tax consultant on how best to make use of your parsonage allowance exclusion.

**Investment Option Fees:**

Each investment option has its own operating expenses. These fees are deducted by each investment option’s management company before the daily price or performance is calculated. Fees pay for trading of securities within the investment options and other management expenses.

Funds may impose redemption fees and/or transfer restrictions if assets are held for less than the published holding period. Asset allocation funds are generally subject to a fund operating expense at the fund level, as well as prorated fund operating expenses of each underlying fund in which they invest. For more information, please refer to the fund prospectus and/or disclosure document. Funds are subject to the risks of the underlying fund.

There may be a recordkeeping or administrative fee for investing in certain investment options. There are additional quarterly fees and/or transaction fees to participate in the SDB option.

Please contact your Empower Retirement representative for more information about any potential investment option or SDB fees.

**Loans**

Your Plan allows you to borrow the lesser of $50,000 or 50% of your total vested account balance. The minimum loan amount is $1,000, and you have up to five years to repay your loan - up to 15 years if the money is used to purchase your primary residence. There is a $50.00 origination fee for each loan and it is deducted from the loan proceeds, plus an ongoing annual $25.00 fee, deducted quarterly from your account at $6.25.
