

CUSTOMIZED MAJOR PROPOSAL

1. A person with academic objectives not readily achievable through an existing ZSB baccalaureate program may receive a bachelor of science degree in a customized major field from the Zapara School of Business after the completion of a special curriculum approved by the ZSB dean's office.
2. A customized BS curriculum must include the Business Core and at least 24 additional units.
3. A customized major proposal submitted to the ZSB faculty should include:
 - A. A list of the courses to be included in the proposed curriculum;
 - B. A title for the concentration which will be the only designation to appear on the students diploma and transcript if the curriculum is approved;
 - C. Documents or other materials supportive of the proposal and requested by the program in Customized Concentrations, including any information requested regarding the rationale for the curriculum, the curriculum's intended academic focus, and the goals it is intended to serve.
4. A customized BS curriculum meeting the requirements contained in this policy may be designed and approved simultaneously for a specific cohort of students.

CUSTOMIZED MAJOR ACCEPTANCE

1. A customized BS major proposal must be approved in accordance with the review process established by the dean's office. The program in Customized Major's is primarily responsible for certifying the academic credibility of each proposed customized BS curriculum during the review process. Thus it may require revisions in a proposal or reject it entirely. The Program will notify the Office of University Records once a customized BS major has been approved.
2. While the University will attempt to ensure that a person whose customized major program has been approved will be able to complete requirements for the program on schedule, the approval of a customized major program constitutes only a commitment on the University's part to make the best effort possible to ensure the program's completion. Approval of a customized major is not a guarantee that the courses included in the proposal or others to be substituted for them will be available at the times required for the major to be completed as planned.

SEE REVERSE FOR UNIVERSITY STUDIES REQUIREMENTS
