17. Enter the name of the city and state from which you are leaving.

18. Enter the destination information in the following box.

19. If traveling to multiple countries, there is no need to fill out a separate application for each country. 33. If there are separate participants colleagues of yours traveling to different destinations or on different dates, they must be added separately, stating which countries they are traveling to and on which dates.

For example, if Jane and John are traveling on separate dates, they cannot be entered together here:

They must be entered one at a time so that each is entered into the form with a specific destination and traveling dates.

34. After all the applicants are entered; the Application Cart should be updated.
35. Once satisfied with the information, click **Next**. The “Totals and Authorization” will be the next page (as shown by the figure to the right).

37. Click **Proceed to Payment**.

![Proceed to Payment button]

38. To check out, click the “Check out with PayPal” link. You will be redirected to the PayPal site where you will be able to pay using a credit card. You do not need a PayPal account in order to check out with PayPal. You will need to be reimbursed for your TravelHub insurance, just like you will need to be reimbursed for your other travel expenses (e.g., airfare, hotel, etc.).
39. Once payment is complete, the site redirects you, the customer, back to the Adventist Risk Management site. The page will contain a large yellow figure. Click the figure to print your receipt, Insurance Identification Cards, and the Policy Summary.

40. At the top of the page, there will be printing options. **It is very important that you click print.** This is the “receipt” you will attach to your Travel Authorization Application that you will scan and email to the Provost’s Office. Without this printout, showing that you have paid for your insurance, the Provost’s Office will have no documentation that you have paid for insurance and won’t be able to approve your trip request.

41. Be sure to print your ID card and carry it with you as you travel.

42. Should you wish to print your ID card or receipt at a later date, simply log back into your account at any time and click **My Applications.** There you will find all submitted applications and links in which you can print the ID card, policy, and receipt.
