[What can participants expect to learn?](#)

- Participants will learn about their mandated reporting responsibilities. This course will examine the applicable federal laws and common reporting scenarios. Namely, the course will cover responsibilities related to Title IX, the Clery Act, and Title VII. Each federal law applies to different behaviors. Participants will learn about each law and how to identify reportable behaviors and respond accordingly.
- Additionally, participants will learn about strategies and techniques to navigate conversations with others about their responsibility to report a disclosure. Depending on the situation, communicating a duty to report a disclosure can be challenging to navigate. This eTraining course walks participants through the conversation, providing suggestions and strategies to help participants determine their preferred approach to these conversations.
